

SerialPortEventListener

```
classDiagram
    class AtomicIMUListener["robOS2.hardware.sparkfun.imu.AtomicIMUListener"]
    class SerialPortEventListener
    AtomicIMUListener --|> SerialPortEventListener
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'robOS2.hardware.sparkfun.imu.AtomicIMUListener'. A blue arrow points upwards from this box to a white box at the top labeled 'SerialPortEventListener', indicating that AtomicIMUListener inherits from SerialPortEventListener.
